Letts, has been adjudged by the unanimous voice of the
press to be the most elaborate, practical, and intensely interesting volume that has yet been written upon this golden
theme. Since the publication of Stevens's Journal of
Travels, no work has appeared that has created such a
thrilling sensation. It is pre-eminently practical, and is interspersed with incidents of the most amusing character.
In the language of one of the city editorials, "it is a perfect daguerrectype of California, taken by the light of a
moonday sun." Also, Dr. Beach's great work on Medicine,
THE AMERICAN PRACTICE AND FAMILY PHYSICIAN, 800 pages, 200 engravings, 8vo., sheep: price \$5. Dr.
Beach is at the head of the eelectic practice in this country.
Such was the demand, that eighteen thousand copies of this

KRAUSER'S PATENT CLOVER-SEED HAR-

KRAUSER'S PATENT CLOVER-SEED HARVESTER
IS BEFORE THE PUBLIC FOR THE FIRST TIME!
ITS utility is beyond comparison with any other farming
implement now in use. It takes the seed from the field,
leaving the straw or grass all standing. It weighs two hundred and fifty pounds, is drawn by one horse, and gathers
from ten to twelve acres per day. The fingers, or teeth,
catch all the heads, the revolving knives cut them off and
throw them back into the box, which will cross a twentyacre field without emptying. The heads are then loaded
into a wagon and taken directly to the mill for cleaning,
thus diminishing the labor three-fourths, and saving all the
seed. This machine comes so low that every farmer will
have it, and pays the manufacturer 300 per cent.

E. WHEELER, Agent for Washington.

CROSS KETS, WASHINGTON TOWNSHIP, CAMDEN Co., N. J.,

We, the undersigned, do certify that we have seen Mr.

Krauser's Patent Clover Harvester in operation, and it has
given perfect satisfaction. It has gathered many of the
farmers' clover in this neighborhood—it is all that Mr. Krauser and his bills represent it to be. The farmers have given
one-half for gathering and threshing.

Long-a-Coming, October 7, 1851.

This is to certify that Mr. G. J. Naylor has gathered clover off of a rixteen-acre field of mine, which has been pastured two months with ten head of cattle, and it produced six bushels and a half and one peek of seed. I gave him two-thirds for gathering and cleaning. I think his machine is first-rate, and answers all the purpose that is intended.

NEHEMIAH NICHOLSON. The following points out the profitable nature

We have conversed with a number of Farmers, and they are of opinion that there are at least 3,000 acres in each township in Camden or Gloucester county, New Jersey. Admitting there are but 1,000, it is said that each acre will yield from 1½ to 3 bushels. Reducing it to a certainty of yielding but 1 bushel per acre, what will it cost to gather and thresh 1,000 acres.

 

 ,000 acres?

 This Harvester will gather 12 acres per day. At 8 acres per day, it will take 5 harvesters 25 days, at a cost of \$150

culation. Perhaps no invention offers greater inducements for a profitable investment than the Harvester. For an enterprising young man, of good business habits, a large sum of money could without doubt be realized from the sale of rights in the different States of the Union not yet disposed of. By calling at this office, it can be demonstrated satisfactorily that men of moderate capital could not choose a better or more represents business.

Mexican Mustang Liniment! THE EVIDENCES ACCUMULATE!

READ the following proof of what we have long since asserted, viz: that the Mustang Liniment is the since pass non of all external remedies ever before offered to the

affilicted:

"Wm. M. Johnston, No. 112 Second street, Pittsburg, says that he had a severe attack of Rheumatism in his right hip; after suffering some ten days, the left hip also became affected, and he was obliged to 'lay up.' The pain was constant and caveruciating. He had heard of the wonderful effects of the Mustang Liviment in Rheumatism, and determined to try it. One small bottle, thoroughly applied, performed a perfect cure! B. H. Meskings, 189 Walnut street. Cincinnati, was confined to his best and under treatment of a physician some six weeks with Neuralgia of the whole of his right side, leg, arm, and face. His sufferings were indescribable, and the only cessation from the most agonizing pain was while under the influence of opium or morphine. His dector finally advised him to try the Mustang Liniment; he did so, and in two days was able to go about his business, perfectly cured."

did so, and in two days was able to go about his business, perfectly cured."

"The Lam Made to Walk.—About the first of April I cut and laid open the fore finger of my left hand, through the bone and across the second joint, nearly dissevering it from the hand, being about two-thirds off. I was fearful that I should lose the use of my finger forever; but I bound it up with the Mexican Mustang Liniment, and it soon healed up, and is now perfectly well, though somewhat scarrifed. I used nothing but the Mustang Liniment.

"About one week ago I had the misfortune to cut the cap off my left knee in two with the sharp corner of an axe. The cap was split asunder, and for a day or two I could not use my leg at all, and I was afraid that I would lose its use forever. The cap was out and eleft to the joint with a deep and alarming gush, and it gave me great pain and uneasiness, leat I should be entirely deprived of the use of my leg. I applied the Mexican Mustang Liniment, and that alone, in both of the above casee, and I am now quite well, except the cap of my knee is a little swollen, and is tender about the cut, which is healed up and shows a fresh red appearance of about one inch and a half in longth and a quarter of an inch in width, but gives use no inconvenience whatever. "I walked fifteen miles vesterday out of the thirty miles from the place where I live near the Sulphur Springa, in Jefferson county, and feel able to walk as many more today. My recovery has been so wonderful that I feel it my duty to make it public, that the world may know the value of the Mexican Mustang Liniment. AARON ROSE.
